Coffie Opening reception, Thursday July 21st 6-9pm

Los Angeles, California - **Allouche Gallery Los Angeles** is proud to open its group summer show featuring artists b., Charlie Brown Bunny, Felix R. CID, Gucci Ghost, Nick Georgiou, and Frank Coffie. These artists produce pieces of vast variety, with a uniform attention to the complex relationships between color and form.

Gucci Ghost, CID Felix, and b., represent the array of established street artists. Ghanaian artist Frank Coffie and Arizona based Nick Georgiou, utilize non-traditional materials, such as recycled books and yarn on linen, both artists pushing the limits and materiality of the fine arts canon.

Each of these artists has shown during 2022, in Allouche and others and are making a comeback in this group for a limited time. The show opens July 21 and will end August 9th.

This will be the final show of Allouche Gallery Los Angeles for the summer season.
